Cottage

Geology Walk Wednesdays 2pm

Led by experts, take a stimulating and leisurely stroll along the Esplanade. See for yourself the evidence in the rocks and landscape of Sidmouth's geological past over the last 240 million years.

Town and geology strolls take place every week the Museum is open.

All strolls depart from and return to the Museum. They last about an hour and a half.

Special walks can be arranged for groups. Please contact the Museum.
